Everyone agreed that the day was a huge success for MRRC.

We gained a lot of new members who are interested in learning how to train retrievers.

MRRC website:

Informed members of the new MRRC website. (www.rushmoreretrievers.org)

Hunt Test:

Larry M. gave an up-date: We have judges to cover all events.

Marty H. will get the gunners

Larry M. will call on the birds and poppers

New Business:

Introduction of all members present at the meeting.

There will be public training on Deadwood Ave. on June 7th from 9:00 am to 12:00 am. Jeff Johnson will put directions the website (LeRoy will head up).

Tom T. passed out information about training with groups to the new club members.

We passed a sign up sheet around to have people sign up to help at the hunt test. Thank you to all of those that signed up. (We have room for more)

Education:

We watched the first part of Mike Lardy's video Basics. This was well received by the club members. We need more of educational time like this.

Next meeting:

June 3rd, 2008 west main Hardee's

Note:

Due to time restraints with the meetings it would be best if anyone wants to have part of the meeting to pass out and discuss material that they discuss it with the president or the person running the meeting before to the meeting. We want to provide as much educational information as possible to our club members, I want to make sure that we give them enough meeting time.
